Subject: Notification of Temporarily Closed Phuket International Airport

To: President,

The Stock Exchange of Thailand

The fact that the One-Two-GO aircraft, flight OG 269, from Bangkok to Phuket crashlanded and skidded off the runway of Phuket International Airport on September 16, 2007 at around 3.30 p.m. has caused the airport to temporarily cease its operation from 4 p.m onwards and it has been expected to resume its operation as normal on September 17, 2007 at around 5 p.m.

Please be informed accordingly. Any further information will be provided later.
